1. When will Sovereign pay a Total Disability Income Benefit?

Sovereign will pay a Total Disability Income Benefit if in Sovereign's opinion, at any time during the *benefit term*, the life assured:

- > has been *totally disabled* or partially disabled during the *waiting period*; and
- > is *totally disabled* at the end of the *waiting period*.

We will pay *you* the monthly benefit less offsets monthly in advance from the end of the *waiting period* until the earliest of:

- > the life assured is no longer *totally disabled*; or
- > the *benefit term* ends; or
- > the cover ends.

Any payment for a period of less than one month is calculated on a pro-rata basis.

Where the life assured has a *waiting period* of 8 weeks or less, is *totally disabled* due to injury and the nature of the injury is such that the life assured is expected to recover within a set period of time, Sovereign may choose to make a lump sum payment of up to 3 monthly benefit payments (after the *waiting period* and any offsets have been taken into account) and close the claim. This payment may be made during the *waiting period*.

If the life assured is still *totally disabled* or partially disabled at the end of the expected recovery period corresponding with the lump sum payment, then Sovereign will reopen the claim and pay either the Total Disability Income Benefit or a Partial Disability Income Benefit in accordance with this *appendix*.

2. What amount will Sovereign pay for a Total Disability Income Benefit?

The amount that Sovereign will pay monthly is:

The greater of calculation (i) or (ii) below, up to a maximum of 1/12th of the benefit amount shown in *the schedule*:

- (i) (1/12th of the benefit amount shown in *the schedule*) less offsets shown below; or
- (ii) (*pre-disability income* less offsets shown below) x 75%.

If the life assured has been on parental leave for 12 months or less or on a *work sabbatical* when the life assured becomes *totally disabled*, then *pre-disability income* is based on the life assured's *income* immediately before the life assured went on leave, as set out in Section 28 "Key Terms".

Offsets

- > Any other income replacement or mortgage protection benefits that any *person* receives or is entitled to receive from any sources in relation to the life assured and the same or a related disability (for example payments from Accident Compensation Corporation (ACC), or another insurer), with the following provisions:
 - Where the life assured is covered by income

replacement or mortgage protection benefits held with more than one provider, Sovereign will negotiate with the other provider(s) to determine the amount to be offset. Sovereign will not seek to apply offsets under this sub-clause in respect of income replacement or mortgage protection benefits held with other providers which were accurately disclosed in *your* application, and provided that *your* or the life assured's circumstances have not changed.

- Benefits payable under a Sovereign Key Person Disability Income policy will not be offset.
- If the life assured is entitled to receive a benefit from ACC but is not receiving that benefit because the life assured has either not applied for the benefit, or has not provided all of the requirements necessary to assess the benefit, or the benefit has been stopped due to any non-compliance with ACC requirements, Sovereign will offset the full ACC entitlement regardless of whether the life assured is receiving a payment or not.
- > Any *income* before income tax, as a result of the life assured being actively involved in or actively carrying on business, other than passive income such as investment income, rental income or income earned by the business which cannot be attributed to the active involvement of the life assured.
- > The life assured's sick leave payments, subject to a maximum of 10 days' sick leave payments for all claims resulting from the same or a related disability.

If *you* have chosen the Premier Cover Option then the life assured's sick leave payments are not included in offsets.

3. What does *totally disabled* mean?

The definition of *totally disabled* that applies for a life assured depends on the life assured's occupation class. The occupation class for each life assured is shown in *the schedule*. However, if a life assured has been on leave without pay for more than 12 months or was *unemployed* for three months or more immediately before becoming *totally disabled*, that life assured is automatically classed as occupation class five. For each occupation class, the degree of incapacity which constitutes *total disablement* is as follows:

For occupation classes other than occupation class five:

In Sovereign's opinion, the life assured is *totally disabled*, if as a direct result of sickness or injury, he or she is:

- > under the regular and personal care of a *registered medical practitioner*; and
- > unable to:
 - perform at least one important income producing duty of the role they were involved in immediately before the *disablement date* and is not working in that role; or
 - engage in the occupation they were involved in immediately before the *disablement date* for more

than 10 hours per week; and

- > not working or engaged in any other occupation or business.

For occupation class five:

In Sovereign's opinion, the life assured is:

- > disabled to such an extent that necessitates confinement to the home under medical supervision or to a recognised medical institution and necessitates receiving regular medical care; or
- > as a result of sickness or injury, he or she is unable to perform at least two of the activities of daily living without the assistance of an adult; and
- > not working in any gainful occupation or engaged in voluntary work.

4. When will Sovereign pay a Partial Disability Income Benefit?

If the life assured has been *totally disabled* or partially disabled a Partial Disability Income Benefit may apply. The following conditions must be satisfied:

- > the reduction in earning capacity results from the continuation of the disability; and
- > because of the reduction in earning capacity, the life assured earns less than 75% of their *pre-disability income*; and
- > the *waiting period* is over; and
- > the life assured is in an occupation class other than occupation class five at the time of becoming *totally disabled* or partially disabled; and
- > if applicable, the period in respect of which a Total Disability Income Benefit has been paid in advance has expired; and
- > where a lump sum payment has been made in lieu of monthly benefit payments as set out in Section 1, the benefit period to which the lump sum corresponds has expired.

The Partial Disability Income Benefit will be paid monthly in arrears until, in Sovereign's opinion, after considering the advice of a *registered medical practitioner* and other relevant information, the disability is no longer preventing the life assured from earning at least 75% of their *pre-disability income*, or until the end of the *benefit payment period*, whichever is the earlier.

A Partial Disability Bridging Benefit (as set out in Section 6) will also be paid if *you* have been receiving a Total Disability Income Benefit under this *appendix* before *you* commence receiving a Partial Disability Income Benefit.

Any claim for a subsequent Partial Disability Income Benefit must be immediately preceded by a 14 day period of *total disability*. Please refer to Section 8 for "What is the Recurrent Disablement Benefit?".

5. What is the amount of the Partial Disability Income Benefit?

The amount that Sovereign will pay monthly is the greater of calculation (i) or (ii) below, up to a maximum of 1/12th of the benefit amount shown in *the schedule*:

- > (1/12th of the benefit amount shown in *the schedule*) less offsets shown below; or
- > (*pre-disability income* less offsets shown below) x 75%

If the life assured was on parental leave for 12 months or less or on a *work sabbatical* when the life assured became *totally disabled*, then *pre-disability income* will be based on the life assured's *income* immediately before the life assured went on leave, as set out in Section 28 "Key Terms".

Offsets:

- > Any other income replacement or mortgage protection benefits that any *person* receives or is entitled to receive from any sources in relation to the life assured and in respect of the same or a related disability (for example payments from ACC or another insurer), with the following provisions:
 - Where the life assured is covered by income replacement or mortgage protection benefits held with more than one provider, Sovereign will negotiate with the other provider(s) to determine the amount to be offset. Sovereign will not seek to apply offsets under this sub-clause in respect of income replacement or mortgage protection benefits held with other providers which were accurately disclosed in *your* application, and provided that *your* or the life assured's circumstances have not changed.
 - Benefits payable under a Sovereign Key Person Disability Income policy will not be offset.
 - If the life assured is entitled to receive a benefit from ACC but is not receiving that benefit because the life assured has either not applied for the benefit, or has not provided all of the requirements necessary to assess the benefit, or the benefit has been stopped due to any non-compliance with ACC requirements, Sovereign will offset the full ACC entitlement regardless of whether the life assured is receiving a payment or not.
- > Any *income* before income tax, as a result of the life assured being actively involved in or actively carrying on business, other than passive income such as investment income, rental income or income earned by the business which cannot be attributed to the active involvement of the life assured.
- > The life assured's sick leave payments, subject to a maximum of 10 days' sick leave payments for all claims resulting from the same or a related disability.

If *you* have chosen the Premier Cover Option then the life assured's sick leave payments are not included in offsets.

For example:

Pre-disability income \$5,000 per month

Benefit amount shown in the schedule \$45,000 per annum (\$3,750 per month)

Offsets \$4,000 per month

Calculation:

Greater of:

- > $(1/12 \times \$45,000)$ less offsets = $\$3,750 - \$4,000 = -\$250$ per month (no benefit payable); or
- > $(\$5,000 - \$4,000) \times 75\% = \$1,000 \times 75\% = \750 per month;

Subject to a maximum of: $(1/12 \times \$45,000) = \$3,750$

Therefore, the amount payable in this example is \$750 per month (\$9,000 per annum).

6. What is the Partial Disability Bridging Benefit and when will Sovereign pay it?

Sovereign will pay you a Partial Disability Bridging Benefit if:

- > you have been receiving a Total Disability Income Benefit under this *appendix*; and
- > the life assured is no longer *totally disabled*; and
- > based on the information provided to, and requested by Sovereign, we reasonably expect that a Partial Disability Income Benefit (as set out in Section 4) will be payable for that life assured for the first month after the life assured ceased to be *totally disabled*.

The Partial Disability Bridging Benefit is a lump-sum payment equivalent to 1/3rd (33.3%) of the final monthly Total Disability Income Benefit paid before the life assured ceased to be *totally disabled*.

The Partial Disability Bridging Benefit is paid at the end of the final month in respect of which a Total Disability Income Benefit was paid for the life assured.

Payment of the Partial Disability Bridging Benefit does not affect the amount of the Partial Disability Income Benefit (as set out in Section 5) and does not affect the amount of the Enhanced Partial Disability Income Benefit (as set out in Section 7).

The Partial Disability Bridging Benefit is payable once for all claims resulting from the same or a related injury or illness.

The Partial Disability Bridging Benefit is not payable where a lump sum payment has been made in lieu of monthly benefit payments, as set out in Section 1.

7. What is the Enhanced Partial Disability Income Benefit and when will Sovereign pay it?

Sovereign will pay you an Enhanced Partial Disability Income Benefit if:

- > you have been receiving a Total Disability Income Benefit

under this *appendix*; and

- > the life assured is no longer *totally disabled*; and
- > you are entitled to a Partial Disability Income Benefit as set out in Section 4 for that life assured.

The Enhanced Partial Disability Income Benefit is the lower of:

- > 25% of the monthly Partial Disability Income Benefit as calculated in Section 5; or
- > 1/12th of the benefit amount shown in *the schedule* less the monthly Partial Disability Income Benefit as calculated in Section 5.

This benefit is paid monthly in arrears for a maximum period of 12 months per claim.

Sovereign will cease paying this benefit if you are no longer entitled to a Partial Disability Income Benefit for the life assured.

8. What is the Recurrent Disablement Benefit?

The *waiting period* will be waived if in Sovereign's opinion, after considering the advice of a *registered medical practitioner* and other relevant information, the life assured becomes *totally disabled* again and this is caused by the same or a related illness or injury as the original period of *total disablement*, not later than 12 months after benefit payments related to the original claim ceased. The provisions of Sections 1, 2, 3, 4 and 5 of this *appendix* will apply to any benefit claimed.

If the *benefit payment period* is one, two or five years, all claims resulting from the same or a related illness or injury will be considered to be the same claim in respect of the *benefit payment period*.

9. What is the Optional Claim Indexation Benefit?

The Optional Claim Indexation Benefit applies only if "CPI Linked" is specified in *the schedule*.

Where the Optional Claim Indexation Benefit is selected, the Loss of Earnings Benefit sum assured shown in *the schedule* will increase on each *anniversary date*, by the same percentage as the percentage increase in the *consumer price index* for the preceding year ending 30 September.

If the *consumer price index* falls in any year, the Loss of Earnings Benefit sum assured will not decrease.

10. What is the Vocational Retraining Benefit and when will Sovereign pay it?

Sovereign may agree to pay you a Vocational Retraining Benefit. The benefit payable will be the cost of a programme of vocational training for the life assured provided:

- > the programme is approved in advance by Sovereign, and reviewed regularly; and
- > the sole purpose for the programme is to assist the life

assured to return to gainful employment at an earlier date than would otherwise have been possible; and

- > the life assured actively participates and complies with the programme; and
- > the cost of the programme is limited to the fee charged by the institution providing the programme and does not include the cost of text books, equipment and stationery, accommodation and transport costs; and
- > the total amount which Sovereign will pay as a Vocational Retraining Benefit is limited to 12 times the monthly benefit amount as calculated in Section 2, except if the *benefit payment period* is one, two or five years where the total amount is limited to 6 times the monthly benefit amount as calculated in Section 2; and
- > vocational retraining must take place within New Zealand, or the country in which the life assured was residing for 6 months before becoming disabled; and
- > the life assured is receiving the Total Disability Income Benefit when the programme begins.

Any benefit which Sovereign may agree to pay is to be reduced by any programme costs *you* or the life assured recover or are entitled to recover from any other source.

11. What is the Home Modification or Equipment Expenses Benefit and when will Sovereign pay it?

Sovereign may agree to pay *you* an additional lump sum payment of up to 6 times the monthly benefit amount calculated in Section 2. This payment is to cover the costs of buying specialised equipment or completing home alterations that, because of the life assured's *total disability*, have become necessary, in Sovereign's opinion after considering the recommendation of an occupational therapist or an appropriate specialist approved by Sovereign. *You* must apply in writing to Sovereign before incurring these costs. Any benefit that Sovereign may agree to pay for the specialised equipment or home alterations will be reduced by any costs of buying specialised equipment or completing home alterations *you* or the life assured recover, or are entitled to recover from any other source.

12. What is the Bed Confinement Benefit and when will Sovereign pay it?

If, at any time during the *waiting period* the life assured is confined to bed under *full-time care* for more than three days and is in an occupation class other than five, then Sovereign will pay a Bed Confinement Benefit for each complete 24 hour period after the first 72 hours of bed confinement.

This benefit will be a daily benefit equivalent to 1/365th of the benefit amount shown in *the schedule*, which *you* would be entitled to if the life assured was *totally disabled* and the *waiting period* was over. Sovereign will continue to pay the benefit until the *waiting period* is over, or until the life assured is no longer confined to bed under *full-time care*, whichever is the earlier.

If *you* have chosen the Premier Cover Option and at any

time during the *waiting period* the life assured is confined to bed under *full-time care* for more than three days, then Sovereign will also pay the Bed Confinement Benefit for each complete 24 hour period within the first 72 hours of bed confinement.

13. When can you suspend cover and when will Sovereign reinstate cover?

If a life assured goes on parental leave, or goes on leave without pay for any reason, *you* may suspend cover under this Loss of Earnings Benefit *appendix* for the life assured provided that:

- > *you* notify Sovereign within three months from the commencement of leave and provide evidence to Sovereign of the parental leave or leave without pay; and
- > Sovereign acknowledges in writing receipt of that notification.

Cover for the life assured will be suspended from the date set out in Sovereign's written acknowledgment.

No *premium* will be payable during the period that the cover is suspended.

No claim under the Loss of Earnings Benefit will be payable during, or for any disability that occurs during, the period that the cover is suspended.

Cover under this Loss of Earnings Benefit *appendix* may be reinstated after it has been suspended in accordance with this Section without the need to provide further medical evidence, provided that:

- > the benefit has been suspended for no longer than 12 months from commencing the leave; and
- > *you* notify Sovereign to reinstate the benefit.

If Sovereign does not receive notification to reinstate the suspended benefit before the end of 12 months of suspension, the benefit will be automatically reinstated for that life assured.

Cover for the life assured will be reinstated from the date set out in Sovereign's written acknowledgement.

The *premium* payable for the reinstated benefit will be based on Sovereign's *premium* rates at the time of the reinstatement.

If the life assured becomes entitled to a Total Disability Income Benefit or a Partial Disability Income Benefit within 12 months following the reinstatement of cover under this Loss of Earnings Benefit *appendix*, then the amount of benefit payable will be calculated using Section 2 or Section 5 (respectively) of this *appendix*, provided that the 12 month period used for calculating the life assured's *pre-disability income* will be a combination of:

- > the period from the date of reinstatement to the *date of disablement*; and
- > the period immediately prior to the commencement of the parental leave or leave without pay that is needed to make up the balance of the 12 month period.

14. What is the Future Insurability Benefit?

The Future Insurability Benefit will only apply for a life assured if *you* have not selected the Claim Indexation Benefit (specified in *the schedule* as CPI linked) and the Loss of Earnings Benefit sum assured shown in *the schedule* for the life assured together with any previous Future Insurability Benefit increases for the life assured is less than \$240,000 per annum. Future Insurability Benefit increases cannot be used to increase the Loss of Earnings Benefit sum assured to more than \$240,000 per annum, or to be in excess of the agreed replacement ratio disclosed in *your* application.

If the Future Insurability Benefit applies for a life assured, then the Loss of Earnings Benefit sum assured for the life assured may be increased without the need to provide further medical evidence, subject to the following conditions:

- > The Loss of Earnings Benefit sum assured for the life assured may be increased by up to the lower of \$12,000 per annum or 10% of the Loss of Earnings Benefit sum assured for the life assured set out in *the schedule*.
- > *You* can only apply for an increase in cover under this Future Insurability Benefit for a life assured once every three years, or in the case relating to an increase in income once per year, and *you* must apply to Sovereign in writing within 60 days either side of the applicable policy *anniversary date*.
- > If the increase is related to *your* increase in income *you* must apply in writing to Sovereign and provide evidence satisfactory to Sovereign of the life assured's increased income within 60 days of the increase in income. This evidence is either:
 - confirmation of the increase in salary from the life assured's employer; or
 - in the case of a life assured who is self-employed, the life assured's annual accounts showing an increase in the Net Profit amount before tax, less expenses.
- > The total of all Future Insurability Benefit increases for a life assured cannot exceed 100% of the original Loss of Earnings Benefit sum assured for the life assured.
- > Sovereign will increase the Loss of Earnings Benefit sum assured for the life assured from the date we accept *your* request.
- > Sovereign will not accept an application under this Future Insurability Benefit to increase cover for a life assured if *you* are entitled to or are receiving payment of a claim for a disability that the life assured suffered on or before the date of the application.
- > A life assured over the age of 55 is not eligible for Future Insurability Benefit increases.
- > Any exercise of the Future Insurability Benefit will require an increase in *premium*. The *premium* increase will be based on Sovereign's *premium* rates applicable at the time the Future Insurability Benefit is exercised.

15. What is the Back to Work Payment and when will Sovereign pay it?

Sovereign will pay *you* a Back to Work Payment if:

- > a Total or Partial Disability Income Benefit has been paid for a life assured for a continuous period of longer than 12 months but less than 24 months; and
- > the life assured engages in work or carries on business; and
- > the life assured is no longer *totally disabled* or partially disabled; and
- > the life assured has ceased to be on claim with Sovereign.

The Back to Work Payment is a lump-sum payment equivalent to 3 times the life assured's monthly disability benefit for the last full month immediately before the claim ceased, as calculated in accordance with Section 2 for a *total disability*, and Section 5 and (if applicable) Section 7 for a partial disability.

The Back to Work Payment will be limited to once per claim and will not be paid where the *benefit payment period* is one or two years.

If the life assured suffers a recurrence of the same or a related illness or injury within 12 months of a Total or Partial Disability Income Benefit ceasing, then any Back to Work Payment made in respect of that claim will be deducted from the amount of the Total or Partial Disability Income Benefit payable.

16. What is the Pregnancy Premium Waiver?

Sovereign will waive the *premium* for this Loss of Earnings Benefit for six consecutive months at any stage between the second trimester and six months after the life assured's pregnancy finishes if the life assured becomes pregnant while this Loss of Earnings Benefit is in force provided:

- > the life assured provides Sovereign with a confirmation of pregnancy from an appropriate *registered medical practitioner*; and
- > the life assured did not become pregnant within nine months of:
 - the *risk commencement date*; or
 - the most recent reinstatement of this Loss of Earnings Benefit; and
- > the life assured is on maternity leave.

You must notify Sovereign in writing when the *premium* is to be waived.

This Pregnancy Premium Waiver will cease when six consecutive months *premium* have been waived.

17. What is the Return Home Benefit?

If the life assured is outside of New Zealand and suffers, for the first time a *total disability*, upon acceptance of the claim Sovereign will pay the lesser of:

- > three times the monthly benefit specified in *the schedule*; or

- > a single standard economy flight back to New Zealand for the life assured and one support person.

In total the maximum Sovereign will pay over the life of the Policy under the Return Home Benefit is \$10,000.

No payment will be made if the life assured is covered for the same event with a travel insurance provider.

18. What is the Childcare Support Benefit?

Sovereign will pay a Childcare Support Benefit in the following circumstances:

- > the life assured is *totally disabled* or partially disabled and is receiving a monthly benefit; and
- > as a direct result of the life assured's *total disability* or partial disability, additional childcare costs are incurred over and above any childcare arrangements which existed prior to the life assured becoming *totally disabled* or partially disabled, in respect of any dependent child who is under the age of 14 years old; and
- > the additional childcare services are not being provided by *you* or an immediate family member, in Sovereign's sole opinion.

The amount Sovereign will reimburse under the Childcare Support Benefit is the lesser of:

- > the actual additional childcare costs; or
- > \$800 per month per dependent child under the age of 14 years old.

This Childcare Support Benefit is payable until the earlier of:

- > the life assured no longer being *totally disabled* or partially disabled; or
- > six monthly Childcare Support Benefit payments have been made; or
- > the end of the *benefit payment period* is reached; or
- > the end of the *benefit term* is reached.

You will need to provide evidence satisfactory to Sovereign each month of the additional childcare fees that have been paid before Sovereign will make a payment under the Childcare Support Benefit.

This payment is in addition to the monthly benefit.

19. What is the Waiting Period Reduction Benefit?

If this Loss of Earnings Benefit has a *waiting period* of 26, 52 or 104 weeks the life assured can reduce this *waiting period*, without providing any further medical evidence, if the life assured's Business Overheads, Business Continuity, Rural Continuity or Locum Cover is cancelled due to the life assured no longer being *actively involved* in the business or the business is sold or the business is no longer *actively trading*.

The *waiting period* for this Loss of Earnings Benefit will reduce to align with the *waiting period* on the cancelled

Benefit. The reduced *waiting period* on this Loss of Earnings will apply to the lesser of:

- > the monthly benefit for the Business Overheads, Business Continuity, Rural Continuity or Locum Cover at the time it was cancelled; or
- > the monthly benefit for this Disability Income Protection Benefit.

For example:

A life assured has the following:

- > Loss of Earnings with a \$2,500 per month benefit and a 52 week *waiting period*; and
- > Business Continuity with a \$1,000 per month benefit with a 13 week *waiting period*.

When Business Continuity is cancelled the Loss of Earnings Benefit *waiting period* would be reduced to a:

- > 13 week *waiting period* with a \$1,000 per month benefit; and
- > 52 week *waiting period* with a \$1,500 per month benefit.

The following conditions apply:

- > within 60 days of the cancellation of cover the life assured must notify Sovereign in writing with supporting evidence that the life assured is no longer *actively involved* in the business or the business has been sold or the business is no longer *actively trading*;
- > the life assured is no longer *actively involved* in the business due to reasons other than retirement, redundancy, ill health or incapacity;
- > the life assured must be under the age of 60;
- > if the life assured has had a claim paid or be entitled to be paid a claim under any policy with us or any other insurance company the request will be referred to a Sovereign underwriter and full underwriting terms and conditions may apply;
- > the payment of *premiums* must be up to date and are not being waived for any reason.

If Sovereign agrees to reduce the *waiting period*, the following applies:

- > *premiums* will increase with any reduction in *waiting period*;
- > only one reduction in *waiting period* under this benefit is allowed without evidence of health;
- > any loadings, exclusions or special terms on the cancelled policy will be applied to the reduced *waiting period* benefit.

20. What is the Concurrent Waiting Period Benefit?

If the life assured is disabled and able to receive a Loss of Earnings Benefit under this policy, and they also hold a Business Overheads, Business Continuity, Rural Continuity or Locum Cover policy, then the *waiting periods* applicable to the life assured under each policy will be served concurrently from the *disablement date*.

If during the *waiting period* under this policy, the life assured is able to claim the Recurrent Disablement under a Business Overheads, Business Continuity, Rural Continuity or Locum Cover policy, the portion of their *waiting period* for their Loss of Earnings under this policy will be considered to have been continuous and only the remaining period will apply.

21. What is the Optional Mental Health Limitation?

The Optional Mental Health Limitation applies only if it is shown in *the schedule* and if no mental health exclusion applies for this *appendix*.

If the Optional Mental Health Limitation applies, Sovereign will only pay a claim due to a *mental health disorder* for a maximum of two years throughout the life of this *appendix*. The Optional Mental Health Limitation payment period will commence if in Sovereign's opinion, after considering the advice of a *registered medical practitioner* and other relevant information, the life assured is deemed to be *totally disabled* or partially disabled as a result of a *mental health disorder*.

22. Extra Benefits for the Premier Cover Option

If *you* have chosen the Premier Cover Option, then the following extra benefits also apply:

17a) Extra Cash Benefit

The Extra Cash Benefit will be paid monthly in advance and in addition to the Total Disability Income Benefit, for the first three months after the *waiting period* while the Total Disability Income Benefit is being paid. The Extra Cash Benefit is equivalent to 1/3rd (33.3%) of the Total Disability Income Benefit for each month.

Where applicable and only in respect of the period for which the Extra Cash Benefit is payable, the Extra Cash Benefit will be included together with the Total Disability Income Benefit in the calculation of the lump sum payment Sovereign may choose to make in lieu of up to 3 monthly benefit payments, as set out in Section 1.

This benefit is only payable once for a life assured.

17b) Permanent Disablement Benefit

A Permanent Disablement Benefit will be paid if:

- > a Total Disability Income Benefit has been paid for 24 consecutive months in respect of a life assured; and
- > in Sovereign's opinion that life assured is *permanently disabled*.

The benefit is a monthly payment equivalent to 1/3rd (33.3%) of the life assured's monthly Total Disability Income Benefit as calculated in Section 2. The additional monthly payment will commence from the date when the Permanent Disablement Benefit claim is accepted by Sovereign.

The benefit will cease when the earliest of the following occurs:

- > the *benefit payment period* ends; or

- > the life assured dies; or
- > the life assured is no longer *permanently disabled*.

17c) Home Care Benefit

If the life assured is *totally disabled*, Sovereign will pay a Home Care Benefit monthly in arrears in addition to the Total Disability Income Benefit.

The Home Care Benefit is a payment for the services of the *person* providing care to the life assured and is payable to the *person* providing care, not the policy owner named in *the schedule*. The *person* providing the care will not be acting as an employee, contractor or agent of Sovereign.

A *registered medical practitioner* must certify that the life assured requires *full-time care* at home or in a hospital because of the life assured's disability.

The *full-time care* must be provided by either:

- > a *person* whose profession it is to provide nursing or similar services; or
- > a direct family member who is in paid work for at least 28 hours per week immediately before the life assured became *totally disabled* and who has given up that work to care for the life assured.

The amount of the Home Care Benefit each month will be the lowest of:

- > 1/12th of the benefit amount shown in *the schedule*; or
- > \$2,500; or
- > the cost of the care, if it is provided by a *person* whose profession it is to provide nursing or similar services; or

Where the Home Care Benefit is payable for an incomplete month, payment will be at the rate of 1/30th (one-thirtieth) of the monthly amount per day.

The Home Care Benefit starts from the expiry of the first 3 successive days of the life assured receiving *full-time care* and ends when:

- > a *registered medical practitioner* no longer certifies that *full-time care* is required; or
- > we have paid the Home Care Benefit for 6 consecutive months; or

In addition, for a Loss of Earnings Benefit claim, Sovereign will require:

- > a Sovereign claims form completed by the life assured and a *registered medical practitioner* (at *your expense*); and

24. Ongoing Claim Requirements

- (g) The life assured is in prison for any reason.
- (h) The life assured dies.

If Sovereign ceases paying a benefit in accordance with paragraphs (a), (b) or (c) and the life assured subsequently complies with the relevant requirement(s), then:

- > The date that the life assured complied with the relevant requirement(s) will, subject to the provisions of this *appendix*, be treated as the *disablement date* for a new claim.
- > The *waiting period* will be waived for the new claim.
- > If the *benefit payment period* is one, two or five years, the original claim and the new claim will be considered to be the same claim in respect of the *benefit payment period*.
- > No monthly benefit payments will be payable retrospectively for any period of time before the date that the life assured subsequently complies with the relevant requirement(s).

26. When will this *appendix* terminate for a life assured?
